

## OVER 39 YEARS OF GYMNASTICS!

At Ann Arbor's Gym America, we love to watch children grow. Throughout our 39 years of training kids in gymnastics, we have helped a whole generation grow up strong. As kids progress through our classes and programs, we see their flexibility, body awareness, and fitness increase. What's even more important is that parents are thrilled as they watch their children grow in self-esteem, confidence, and character.

We offer gymnastics instruction for every age group, from preschoolers to high school students. Our nationally certified, professional staff members work to make sure each child's gymnastics experience is a fun and rewarding one.
